

N-[(2'-CYANO[1,1'-BIPHENYL]-4-YL)METHYL]-L-VALINE METHYL ESTER

Item	Value
PRODUCT NAME	N-[(2'-Cyano[1,1'-biphenyl]-4-yl)methyl]-L-valine methyl ester
PRODUCT IMAGE	The chemical structure shows a central biphenyl system. The left ring is substituted at the 4-position with a methylene group (-CH2-), which is further attached to the nitrogen of an L-valine residue. The valine residue consists of a central carbon atom bonded to a methyl group, an isopropyl group, and a methyl ester group (-COOCH3). The right ring of the biphenyl system is substituted at the 2'-position with a cyano group (-C≡N).
